Students Satisfaction Survey: 2022-2023

The Students Satisfaction Survey (SSS) provides a feedback from the students about the quality of teaching learning process and their suggestions are useful for improvements required and the action is to be taken to ensure the excellence in higher education.

In order to conduct SSS the structured questionnaire was prepared that includes majority of the questions recommended in the NAAC guidelines. The survey includes the teaching –learning and evaluation aspects.

The structured questionnaire was administered to collect the opinions from the students on ten point scale. The students were asked to give marks minimum one and maximum ten for each question. Out of total 575 students, 258 students were selected by using random sampling technique for conducting survey. The online survey was conducted by using Google platform. The Google form link <https://forms.gle/L2V8G9sEv2BgeHc37> was provided to the students and they were asked to give their responses in ten point scale. The data so collected is analyzed and interpreted that is given as below: -
